Email: amjidkurrmywal@gmail.com

Location: Satellite Town, Rawalpindi, Pakistan

Motivated MERN Stack Developer with hands-on experience in building responsive and scalable web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in RESTful APIs, frontend-backend integration, and modern JavaScript (ES6+), with experience in real-world projects, authentication, and database design.

## *Learning Experience*

NOV 2024 - JUL 2025

### **FRONTEND**

Learned frontend development using HTML, CSS, JavaScript, and Bootstrap. Built responsive web pages and user interfaces with a mobile first approach. Gained hands-on experience in React.js for dynamic UI and Git for version control.

### **BACKEND**

Learned backend development using Node.js and Express.js. Built RESTful APIs and connected applications to MongoDB databases. Practiced handling routes, middleware, and authentication systems. Strengthened understanding of server-side logic and API integration.

### **DATABASE**

Hands-on experience with MongoDB for designing and managing NoSQL databases. Implemented CRUD operations, schema design, and indexing for scalable applications.

## *Work Experience*

UPTECH SOL (INTERNSHIP AUG 2025 - SEP 2025) Onsite

### **MOBILESHOP**

Built a fully responsive mobile shop web app using MERN stack with product add, dynamic Add to Cart (with quantity increase/decrease), product search, contact form submission, and modern UI.

### **SAAS-HOTEL-BOOKING**

I developed a SaaS-based hotel booking platform with separate dashboards for the website owner and hotel owners.

#### **Admin (Website Owner) Dashboard :**

- Can create multiple hotels using a hotel creation form.
- Can manage hotels (update, delete) and switch between them easily via a dropdown.
- Can create roles, assign permissions, and manage users.
- Can view all users, update or delete them.

#### **Hotel Owner Dashboard:**

- Can add, update, and delete rooms.
- Can create users, assign roles, and manage permissions.
- Can view all bookings, confirm or cancel them.

#### **User Features:**

- Can register, log in, and book rooms.
- Can cancel their bookings based on permissions.
